

TRUE POTENTIAL AGGRESSIVE BLENDED PORTFOLIO

Blended Portfolio Objective

The objective of the True Potential Aggressive Blended Portfolio is to provide investors with a way to achieve their investment goals. The Blended Portfolio offers full exposure to different manager styles within the Aggressive risk profile. This Portfolio will not be actively managed or rebalanced.

Risk Profile: Aggressive

The Aggressive Investor usually aims to maximise long-term expected returns rather than to minimise possible short-term losses. An Aggressive Investor values high returns relatively more and can tolerate both large and frequent fluctuations through time in portfolio value in exchange for a higher return over the long-term.
